## MUSEUM ON VEN

## Our guided tours

Joining a guided tour gives you a better understanding and experience of a place. We therefore recommend our guests to book a guided tour of the Tycho Brahe Monuments. This will make your visit to Ven even more memorable.

We offer tours on set themes or adjusted to suit your wishes. All the tours include a visit to the new Tycho Brahe Museum which opened in 2005, the Renaissance garden with its open-air exhibition, and the underground observatory Stjärneborg. Tours on the theme of botany and nature do not include the visit to the observatory. Our tours are available in Swedish or English.

In addition, we offer visits to local craftsmen and artists. Lunch or dinner can be enjoyed either as a picnic, in a restaurant, or in a café. Length: approx. 4 hours.

The guide meets you at Ven harbour and leads a tour of the island by bicycle, tractor and trailer, or bus. The whole package is customized to suit your wishes.
